EXPERIENCE

Growth Academy 2023 – 2027

Role – Web Developer Intern

- Engineered an LMS web application with secure authentication, cloud-based video management, and responsive dashboards, enhancing accessibility and user engagement.
- Role-based auth, Admin/User dashboards, Cloudinary video upload, course pages, support system, r esponsive UI.

TECHNICAL SKILLS

Languages: C++, JavaScript, Web/Frameworks: React.js,Node.js, Express.js, Tailwind CSS. Databases: MySQL, MongoDB, Mongoose.

Others: VersionControl git github ,Postman

EDUCATION

PCTE Institute of Engineering & Technology, Punjab 2022 – 2026

B.Tech - Computer Science and Engineering | CGPA: 7.3 Ludhiana, Punjab

Relevant Coursework: Object-Oriented Programming, Artificial Intelligence, Machine Learning, Databases, Data Structures and Algorithms, Operating Systems, Computer Networks

PROJECTS

Growth Academy - Learning Management System **2025-NOV**

- Developed an LMS web application with role-based authentication and separate Admin and User dashboards. Implemented course
- pages with video uploading using Cloudinary cloud storage.
- Built a Contact/Support system and designed a responsive user interface.

TechStack: MongoDB, Express.js, React.js, Node.js, Cloudinary

IT Service Ticketing System – MERN Stack Project **2025 Dec-2026 JAN**

- Built a full-stack IT service ticketing platform with role-based dashboards for User, Admin, Technician.
- Manager. Implemented AI chatbot ticket generation using Grok API along with manual ticket creation. Designed an automatic
- technician assignment system based on availability, with manual override for managers.
  Integrated real-time email notifications for ticket creation, assignment, updates, and resolution.
- Added technician comment system and keyword-based chatbot support for faster issue handling.
- **Tech Stack:** MongoDB, Express.js, React.js, Node.js, Grok API

Temple Pilgrimage Crowd Management System – Frontend 2025-AUG

- Developed the frontend of a web application designed to help manage and monitor crowd flow during temple pilgrimages. Built responsive user interfaces to display crowd information and improve user navigation.
- Implemented modern frontend practices to ensure smooth performance and usability.

Tech Stack: React.js, JavaScript, HTML, CSS

AWARDS AND ACHIEVEMENTS

SansationSolutions– Mohali, Punjab, India | MERN Stack Intern | 45 Days 2025
Grand Finalist, Smart India Hackathon 2025 (SIH) – ACE
Engineering College, Hyderabad Participated in BiteVerse, CT University,
Jalandhar 2325
